## 2. Welcome/Apologies/Review of Minutes

The meeting started by Harold Daniels (Chair) expressing gratitude to Jenny Haunch (Headteacher) for the use of the school and kind hospitality.

Chair welcomed everyone present; group representatives introduced themselves and recorded attendance as on attendance sheet. Apologies (listed) were noted. Previous minutes moved and seconded as a record.

Matters arising:

**Washacre Primary School** – Jenny Haunch gave a brief description of the success of the outdoor residential Colomendy weekend held in September. Some 50 pupils were involved in this trip, which was a great and new experience, widening the horizons of those attending. It was noted that there had been a tremendous effort to make sure the weekend went ahead after the earlier incident involving funding for the event.

**Bolton Lads and Girls Club** – Karen Openshaw updated progress on the works at the Central Drive site and immediate plans for the Club. With refurbishment work completed, the anticipated launch date is January 2016 when it will be open 3 nights a week, increasing to 7 nights in time. A minibus will be used for collecting Washacre youths. Facilities will be similar to the Spa Road hub; with support for mentoring and work skills – volunteers from the community welcome.

Tours are available. Karen informed WCN that she would be moving on from this project in December, and handing over to venue to managers and steering committee. WCN congratulated her for a job well done, and wished her well for the future.

## 3. Remap

John Moultrie, of both Remap and Rotary Club of Westhoughton, gave a presentation of the history and growth of this initiative which began some 50 years ago. REMAP originated at an ICI factory in Billingham with a family project – a bespoke solution to help a disabled relative. Thus, engineering principles and skills are applied to providing mobility aids to support children and adults when other aids are not available or appropriate. Its mission is “the art of making things possible.”

The local panel of 9 engineers covers Bolton, Bury, Rochdale, East Lancashire and part of Greater Manchester; there are some 90 panels nationally. John circulated a leaflet about the organisation, ways of referral, and gave some examples of the kind of work done. John took questions about the applications, and how they and similar charities can help.

## 4. Rainbow Crafts Christmas Fair

Linda James had sent her apologies, and Chris Buckley gave an update on the upcoming Christmas Fair event at the Carnegie Hall, Saturday 5th December. He confirmed that the 2016 Yarn Bombing event will be held on the first weekend in July (2nd & 3rd).

## 5. Barking Berry's Christmas Fair

Scarlett and her mum Sarah gave an overview of a their latest fundraising event to be held on Saturday 28th November at the Bethel - entry fee £1 or free if tin of dog food donated. With 20 stalls booked, it is in support of Homeless Hounds and other animal charities; Santa Paws will be making an appearance. The Barking Berrys have been busy with their fundraising activities all over the region, with in excess of £16,000 raised to date.

Scarlett was nominated for a Tower FM 'Young Achiever Award', which was presented at De Vere Whites hotel in October – proudly shown off to the group.

*Update: the event at the Bethel raised £1,250 (the same as their first Dog Show).*

## 6. Foodbanks / Grub Tubs

James Wilson circulated an information sheet with an update on the impact made over 3 years, and summarised the general work by Urban Outreach. He explained about routes of referral (up to 8 weeks of food parcels), and how the charity interacts with other similar organisations. Winterwatch supports over 400 people through its weekend café. There is also the 'Christmas with Jesus' hamper initiative; James asked that those present nominate families or individuals who may benefit from support. Donations to Grub Tubs can be made up to 22nd December, and locations are listed on his information sheet [and WCN website].

Reference was made to a new initiative at the Healthy Indulgent cafe on Bridge Street when a meal for the homeless will be provided on 23rd December. Further information is available on social network sites.

James stated that Urban Outreach were very grateful for the support coming from Westhoughton and our Grub Tub network.

*There was a short break for refreshments. Some took advantage of a chance to tour the school and see both the new facilities and the work of the children on display.*

## 7. Group Updates / Information Share

**Westhoughton Leisure Centre** (Sarah Morris, Community Engagement, and Matt Willber, Leisure Centre Manager) reported that funding is available to provide free leisure facility access from January to young people (under 18) and pensioners – half price if over 60. Donations and support will still be gratefully appreciated and received over the winter months.

The latter will have a district nursing service; occupational therapy and will have some provision for community groups. A question was raised about a new Heath Centre in Westhoughton – this, an NHS project, has failed to materialise due to lack of money/other priorities.

A new company, Ventura, now occupies premises next to the Bolton Road car park and they have been active in supporting local causes including Westhoughton High School and new Lads and Girls Club.

**Westhoughton Local History Group** – Ted Wisedale talked about the commemorative event on Saturday, 19th December for the Pretoria disaster – a morning walking tour.
