

Westhoughton Age Support Project (W.A.S.P.)

WHAT WE DO

The aim of the Project is to promote the welfare of the elderly in Westhoughton and surrounding areas by providing opportunities to improve the quality of life and thereby enable people living alone to have regular interaction to be able to go and to be with other people.

- Friendship and Companionship for all. A feeling of being valued and welcomed.
- An opportunity of becoming a part of the community and not being an outsider looking in.
- An opportunity to use your experience of loneliness and isolation by helping others.

We hold 2 weekly social events. The first at 'John Holt Centre', Westhoughton on Monday afternoons from 1pm till 4pm mostly for Bingo, Raffle, Dominoes and Refreshments, but mostly to get out of the house and make new friends or meet up with old friends.

On Thursday evenings we meet at the 'Winifred Kettle' centre, Westhoughton from 6pm to 9pm mostly for Bingo, Raffle and Tea or Coffee.

We have a full programme of Events Outings and Activities. This year we have organised 8 activities including an Annual General Meeting, 5 Outings to Coastal Hotels including transport, 4-course lunch which is followed by an afternoon's entertainment, and those able to do so have the opportunity to walk out and get some fresh air. Tea or coffee and Biscuits are usually served about 4pm then we leave for home at 5pm.

Our biggest undertaking of the year is the organisation of a Christmas Party usually for about 120 plus in which we provide a Christmas Meal, top quality entertainment and gifts for supporters and Senior Citizens of the Westhoughton Community.

The WASP activities provide an important service for the elderly, many of whom would perhaps feel lonely without the opportunity to interact with others at the weekly sessions and during the special events enjoyed throughout the year.

The Project is run entirely by volunteers, some of whom give up a great deal of time and often provide things such as stationery, stamps, phone calls or raffle prizes together with use of personal transport to enable the project to function.

In a report published in May 2014, Age UK revealed that one in eight people aged 65 and over feel cut off from society. It is known that isolation leads to depression and other health related issues so it is essential that older people are given the opportunities to mix and participate in the life of the community to prevent the so called 'loneliness of old age'.
